Dear Karl:

We are pleased to tell you that the Trustees of the Altman Foundation have approved a grant to Saint Vincents Hospital and Medical Center of New York to continue to build the endowment for the Department of Pediatrics. The grant award is in the amount of \$300,000, only the income of which is to be used for the stated purpose of the endowment fund, along with so much of the net appreciation in such fund as your governing board may appropriate for such purposes under the provisions of the New York Not-For-Profit Corporation Law 513(c). Our check in the total grant amount of \$300,000 is enclosed.

With this \$300,000 grant, the Altman Foundation has now provided the \$1.5 million requested in your initial 1993 proposal to build an endowment for the Department of Pediatrics. This is therefore a final grant for this purpose. The Trustees wish you success in the work of the department and will expect to be kept informed of any significant changes in program design or in your organization.

We ask that a narrative report on the programs of the department, as well as a budget detailing the expenditure of the grant funds, be sent to Ms. Karen L. Rosa, Vice President and Executive Director of the Foundation, within the next twelve months. These grant funds do not have to be kept in a segregated account, but we do need an accounting of their use.

We also ask that a copy of your next audited financial statement be sent as soon as it becomes available; your 1996 audit is already on file here at the Foundation.

Sincerely,
