Re: Cy Pres Proceeding; St Vincent's Catholic Medical Centers
\$50,000 restricted grant submitted to the Critical Care Education Fund (#150-20325), c/o
Dr. Ira Wagner, dated 12/11/2009

Dear Ms. Tarpey,

At your request, in support of the matter noted above, we submit the following *revised* request for the alternative distribution of our grant of \$50,000:

- a. The full amount of \$50,000 be awarded to Lenox Hill Hospital (EIN 13-1624070), 100 East 77th Street, NY, NY 10075 to support the research under the direction of Dr. Ira Wagner.

Dr. Wagner's formal contact information is:

Dr. Ira J. Wagner
178 East 85th St, 2nd floor
NY, NY 10028
(212) 434-6776

- b. In the event that Dr. Wagner's work for the benefit of Lenox Hill Hospital cannot be supported under the direction of the court, as a contingent request, the full amount of \$50,000 be distributed to the Beth Israel Medical Center (EIN 13-5564934), 555 W 57th St, 18th Floor, New York, NY 10019 in support of the work under the direction of Dr. Patricia Walker. Dr. Walker's formal contact information is:

Dr. Patricia Walker
10 Nathan D. Perlman Place
Bernstein pavilion, 7th Floor
New York, NY 10003
(212) 420-4100

Please note that item (b) is intended to replace/supersede the same element in my prior letter of 8/1/12.

In either case, the attribution of the redirection of this grant should be "Requested by Vanguard Charitable Endowment Program, at the recommendation of Mr. and Mrs. Bernard Posner".

All grant funds and any interests earned thereon must be used for charitable purposes within the meaning of Section 501(c)(3) of the United States Internal Revenue Code of 1986, as amended

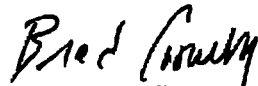

(the "Code"). Specifically, all grant funds and any interest earned thereon must be used to make grants to eligible section 501(c)(3) organizations.

In addition, grant funds (including any interest earned thereon) may not be used for any of the following purposes: to attempt to influence legislation or the outcome of any specific public election; to carry on, directly or indirectly, any voter registration drive; to make grants to individuals or to other organizations, which do not comply with the requirements of Section 4945(d)(3) (or (4)) of the Code; to promote violence or terrorist activities; or to undertake any activities for a non-charitable purpose.

If the grant re-direction in this matter above cannot be made to one of these two organizations or cannot honor the conditions described above, please contact us immediately for recommendations of other approved charities who would be qualified to receive these funds.

In support of this request, I have enclosed a copy of our original grant letter accompanying the 12/11/09 check for \$50,000 to SVCMC for your records.

Sincerely,

Brad Caswell
Chief Operations Officer

SENT VIA FAX

Ms. Bernadette Kingham-Bez
 St. Vincents Catholic Medical Centers of New York
 Development Office
 Suite 6J
 130 West 12th Street
 New York, NY 10011-8250

December 11, 2009

Dear Ms. Kingham-Bez:

I am pleased to attach a grant to your organization from the Vanguard Charitable Endowment Program. An account advisor to the Vanguard Charitable Endowment Program recommended the grant.

Party to be Recognized	Mr. Bernard Posner
Program Account Name	The Myrna and Bernard Posner Charitable Fund
Grantee Organization	St. Vincents Catholic Medical Centers of New York
Amount	\$50,000.00
Grant Purpose	Specific Project: Critical Care Education Fund - 150-20325 - Discretion of Ira Wagner M.D. Please notify Lisa P. Harper of this grant.

This grant is being made by the Vanguard Charitable Endowment Program to be used by your organization exclusively in furtherance of its charitable purposes. By accepting this grant, your organization certifies that the funds will not be used or applied to provide more than an incidental benefit to the person(s) noted above who recommended the grant, the account advisor(s) listed at the end of this letter, or any other individual who is not an appropriate beneficiary of your organization's charitable programs. Your organization should not provide a tax substantiation letter in connection with this grant.

It is gratifying to be able to assist you in your work. If you have any questions, please feel free to call us toll-free at 888-383-4483 on business days from 8:30 a.m. to 5 p.m., Eastern time. You may also learn more about the Endowment Program by visiting www.vanguardcharitable.org.

Sincerely,

Benjamin R. Pierce
 Executive Director

SHARE

Julia Adamian, M.D., FACP

Dr. Adamian is a Board-Certified Internist with special interests in Preventative Medicine, Diabetes, Sport Medicine and Women's Health. She is a strong believer in individualized and personalized care. She is a Member of American College of Physicians, American Medical Association and American Diabetes Association. She completed her Internal Medicine residency at Lenox Hill Hospital and pursued several years of clinical research at the Lenox Hill Cardiovascular Research Foundation. After an extensive experience in private practice in New York and San Francisco, she has returned to join the LHH medical staff and Department of Medicine. She actively participates in education of physicians in training and is a Clinical Assistant Professor of Medicine, at NYU School of Medicine.

Ladan Ahmadi, M.D.

Dr. Ahmadi is an Internal Medicine specialist and a Fellow of American College of Physicians. She finished her training in Internal Medicine at Brookdale Hospital in New York in 1997 and has since worked in both patient care and educating physicians. Dr. Ahmadi is an experienced and caring internist with a special interest in preventive care and infectious diseases.

Nadine J. Cohen, M.D. FAAP

Dr. Cohen is a Board-Certified Internist and Pediatrician who offers primary care for adults, young adults, and adolescents. She is a strong believer in advocating for her patients' individual health care needs and offering a comfortable medical home for patients with both routine and complex medical issues. She enjoys using her dual training to care for both the younger and older members of families. She has a special interest in caring for young adults and adolescents- especially those with chronic illness - and helping them transition into an adult medical practice. She received her medical degree from Brown University Medical School. She completed a Combined Internal Medicine and Pediatrics residency at University of Medicine and Dentistry of New Jersey. She is a member of the American College of Physicians and served on the Governor's Council in New Jersey. She is also a Fellow of the American Academy of Pediatrics. She has been recognized by the National Committee for Quality Assurance and the American Diabetes Association for providing high quality diabetes care. After extensive experience in private practice in New Jersey, she has joined the Lenox Hill medical staff and the Department of Medicine. She actively participates in education of physicians in training and is a Clinical Assistant Professor of Medicine and Pediatrics at New York Medical College.

Angela Ferguson

Dr. Ferguson is an Internist and a full time member of the faculty in the Department of Medicine at Lenox Hill Hospital where she is involved with the education of medical residents and medical students. Dr. Ferguson completed her residency in Internal Medicine with a emphasis in Primary Care at Mount Sinai Medical Center in New York. She received her undergraduate degree from the University of Texas at Arlington and her medical degree from the University of North Texas College of Osteopathic Medicine. Her particular areas of interest are Preventative Medicine, Women's Health and Health Advocacy.

- Our Staff

Andrew Gotlin, M.D.

Dr. Andrew Gotlin is a Board Certified Internist who earned his M.D. degree at the Mount Sinai School of Medicine and did his residency in Internal Medicine at the Mount Sinai Medical Center. Having more than fifteen years of clinical experience, Dr. Gotlin is a seasoned clinician who is focused on primary care and preventive medicine. Prior to his joining Lenox Hill Hospital, Dr. Gotlin served as the Medical Director of a large New York City community health center. Given this background, Dr. Gotlin is committed to the well-being of the community Lenox Hill serves.

In addition to his direct clinical responsibilities, Dr. Gotlin oversees the residency program at an offsite ambulatory rotation site. He is also the Department of Medicine's Director of Primary Care Development who is tasked with enhancing and expanding the high quality primary care services the hospital provides.

Robert Graham, M.D., M.P.H.

Dr. Graham graduated from City University of NY (Queens College) and received his MD degree from SUNY at Stony Brook School of Medicine. He completed his Internal Medicine residency at Lenox Hill Hospital. He spent the next 4 years as a Clinical Research Fellow in General Internal Medicine and Complementary and Integrative Medicine at Harvard Medical School as well as a Fellow in Medical Education before returning as a full time member of the LHH medical staff and Department of Medicine.

**Ira J Wagner M.D.**

Dr. Wagner is Board Certified Internal Medicine/Critical Care Medicine and has been voted Best Doctor in NY for the last ten years (2001-2010). His major clinical interest include peri-op medical evaluation and assessment and medical ethics.

Cardiology

Maja Zaric, MD, FACC

Dr. Zaric is an Interventional Cardiologist on staff at Lenox Hill hospital since 2000. She received her MD from Medical School University of Belgrade and had completed her entire postgraduate training at Lenox Hill Hospital. She is currently board certified in Internal Medicine, General Cardiology,

Interventional Cardiology and Nuclear Cardiology. Dr Zaric's clinical practice encompasses the full scope of adult cardiovascular pathology with particular interest in coronary and peripheral vascular disease. Most recently her practice is offering full array of acute and chronic venous disease diagnosis and treatment options.

Gastroenterology

David Robbins, M.D.

Dr. Robbins is the Associate Director of the Center for Advanced Therapeutic Endoscopy (CATE) at Lenox Hill. His expertise includes general gastroenterology and complex, or high-risk, endoscopy. He is an Assistant Professor of Medicine at the NYU School of Medicine and trained at the University of Pennsylvania (residency) and The Mount Sinai Hospital, NYC and Medical University of South Carolina (fellowships).

Hematology

Jack Ansell, M.D.

Dr. Ansell is a Hematologist who specializes in the care of patients with blood clotting and bleeding disorders as well as anemias and other non-malignant blood disorders. Dr. Ansell received his degree from the University of Virginia School of Medicine and completed his Internal Medicine Residency and Hematology Fellowship at Tufts-New England Medical Center and Boston University Medical Center. Dr. Ansell was most recently a member of the faculty of Boston University Medical Center where he served as Vice Chairman of the Department of Medicine. In 2008, he was recruited by Lenox Hill Hospital to become the Chairman of the Department of Medicine.

Endocrinology

Etah Kurland, M.D.

Dr Etah Kurland, M.D. is an Endocrinologist specializing in Bone Mineral Metabolism. Dr. Kurland received her MD from SUNY Downstate Medical School and completed her post-graduate training at Maimonides and NYU. She spent a number of years conducting research at Columbia Presbyterian before moving to Lenox Hill Hospital. Dr. Kurland has consistently been involved in the treatment and management of patients with all forms of bone and mineral derangements, including hyper and hypocalcemia, hypophosphatemia, osteomalacia, primary, secondary and tertiary hyperparathyroidism, osteoporosis and osteosclerosis. Dr. Kurland is available to evaluate patients for metabolic abnormalities that may be responsible for secondary causes of fracture and bone fragility, as well as to implement prevention of future fractures.

Minisha Sood, M.D.

Dr. Sood is experienced in the evaluation and treatment of adult endocrine diseases with a special interest in thyroid and pituitary disorders. She graduated from Albert Einstein College of Medicine, New York, and completed her residency and chief residency in Internal Medicine and her fellowship in Endocrinology, Diabetes and Metabolism at New York University Medical Center. During her fellowship training at NYU, she participated in several research studies which focused on the evaluation of and treatment of Acromegaly. Dr. Sood is a member of the American Association of

Clinical Endocrinologists and the Endocrine Society. She is fluent in Hindi.

Nutrition

Erin Keane, RD, CDN, CDE Registered Dietitian/Certified Diabetes Educator

Erin has been working at Lenox Hill for over 5 years. She completed her undergraduate coursework and dietetic internship with Cornell University. She has widespread experience counseling patients with conditions such as diabetes, obesity, kidney disease, cardiac issues, gastrointestinal disorders, cancer and allergies. Erin is a Certified Diabetes Educator and has her Certificate of training in Adult Weight Management.

Rheumatology

Robin Dibner, M.D.

Dr. Dibner is a graduate of the Wayne State University School of Medicine in Michigan. She pursued her Internal Medicine Residency and Rheumatology Fellowship training in New York City and is a Fellow of the American College of Physicians and the American College of Rheumatology. Her career has been dedicated to the education of young physicians as well as the care of patients with arthritis and other rheumatologic diseases.

Lupus Excellence Center

Cynthia Aranow, MD

Dr. Aranow is the Clinical Director for the Lupus Clinical Trials Consortium at the Feinstein Institute for Medical Research and an Associate Professor of Clinical Medicine at the Albert Einstein College of Medicine. She is also a member of the Systemic Lupus International Cooperating Clinics (SLICC) which has conducted studies looking at outcomes in lupus patients. Dr Aranow received her medical degree from New York University School of Medicine and completed her rheumatology fellowship training at Albert Einstein College of Medicine, Bronx New York. She is involved with studies of new therapeutic agents for the treatment of rheumatic diseases, including systemic lupus, rheumatoid arthritis and scleroderma. She also collaborates on translational research in SLE studying mechanisms of disease.

Betty Diamond, MD

Dr. Diamond is Head of The Center for Autoimmune and Musculoskeletal Disease at the Feinstein Institute for Medical Research at the North Shore/Long Island Jewish Health Center. Dr. Diamond's primary interests are in the immunological mechanisms present in autoimmune disease. Her research encompasses both the basic science and clinical aspects of these diseases. She received her MD from Harvard Medical School, trained in Internal Medicine at Columbia Presbyterian Medical Center, and then pursued a post-doctoral fellowship in Immunology at the Albert Einstein College of Medicine. Dr. Diamond is a member of the Institute of Medicine, has served on the Board of the American College of Rheumatology, and is past president of the American Association of Immunology.

Meggan Mackay, MD, MS

Dr. Mackay is the Co-director of the Clinical Research Unit of the Center for Autoimmune and Musculoskeletal Disease at the Feinstein Institute.

She is a graduate of New York Medical College and completed her training in medicine and rheumatology at the Albert Einstein College of Medicine in the Bronx. She also obtained a masters degree in the Clinical Research Training Program and currently holds the title of Associate Professor of Clinical Professor there. In addition to her clinical and research interests in lupus and autoimmune disease, Dr. Mackay has held many teaching positions including Associate Director of the Department of Medicine at Jacobi Medical Center.

Patricia Walker, MD- Acting Chief

Patricia Walker, MD

Acting Chief

Acting Chief of Division, Co-Director Cystic Fibrosis Center

Patricia Walker, M.D. specializes in the care and treatment of adults with cystic fibrosis (CF). She serves as Co-Director of Beth Israel's Cystic Fibrosis Center, and was recently appointed Acting Division Chief of Pulmonary, Critical Care and Sleep Medicine.

Dr. Walker conducts and oversees a wide variety of CF clinical research, including cutting edge trials on gene modulation investigational therapies, inhaled antibiotics, and the treatment of digestive complications of CF destined to influence pulmonary outcomes. Under her direction, the CF Center was successful in obtaining distinction as a Therapeutic Development Center for CF research trials. The CF team was able to establish a nasal potential difference lab, one of only a few such centers to do so in the Northeast. The team at the CF Center has been active in developing a multidisciplinary and integrative approach to the care of CF patients. She has lectured at numerous local and international scientific meetings.

Dr. Walker came to Beth Israel Medical Center from St. Vincent's Hospital Manhattan in 2010 where she was the also the presiding Chief of Pulmonary Medicine and Co-Director of the Cystic Fibrosis Center.

Dr. Walker's medical training includes a residency in Internal Medicine at Saint Vincent's Hospital in Manhattan, and Fellowship Training in Pulmonary and Critical Care Medicine at Memorial Sloan-Kettering Cancer Center. She is board certified in Internal Medicine, Pulmonary Disease and Palliative Care Medicine.
