Dear Dan,

I extend my sincere thanks to you and the Robert Mize & Isa White Trimble Family Foundation's generous grant of \$10,000 dated 2/13/07. As requested, this gift will support the adolescent treatment programs of St. Vincent's Hospital Westchester.

Your participation directly helps our adolescent mental health and chemical dependency education and treatment programs in Westchester and will significantly improve the environment of care in both inpatient and outpatient programs, especially educational and computer-supported training activities. In addition, these funds will extend outreach and treatment opportunities in adolescent ambulatory programs.

Thank you for your continuing commitment to St. Vincent's Hospital Westchester and the Behavioral Health Services Division.

Sincerely,

Brian L. Fitzsimmons, Ph.D.  
Senior Vice President  
Executive Director, Behavioral Health Services

Your name will be listed in our Annual Report as **The Robert Mize & Isa White Trimble Family Foundation** unless you instruct us otherwise. Acknowledgement of this contribution is hereby provided pursuant to Internal Revenue Service code 170 (f) (8). SVCMC Foundation provided no goods nor services.
